Each had a relief appearance, so GP is actually 14 for Jordan and 13 for Mallion. Stat sheet sums to 204 assists, 199 penalties and 428 PIM. Errors unknown, although with the mistake in Rowe's PIM at 46, the previous PIM total was 422, so there may be 3 bench minors not listed.

Scoring stats incomplete, as "Others" is listed with 2 assists, 3 penalties and 9 PIM. The assists belong to Jim Pollock and Gerry Taylor, as listed in the game breakdowns in the MG. Penalties still unknown. GP for Pollock and Taylor unknown, assumed to be 1 for each (they played primarily on JV that season). The penalties for "Others" listed as "Unknown" in the database. Scoring stats may be incomplete, as no skaters are listed without any points, which seems unlikely.

No players without points are in the scoring stats, stats may be incomplete. Bull listed in records with 6 penalties, 10 minutes, which is mathematically impossible. Changed to 6 penalties, 12 minutes, a more likely situation. Penalties total to 484, but stat sheet has a total of 462, including the bench minors. Total player goals (134) does not agree with team total (129), because 11/18 Sir George Williams game forfeited while tied 6-6 at 1:03 of overtime. Game counts as a 1-0 win for RPI but all individual statistics are maintained.

Shumski PIM from 12 to 14, penalties from 6 to 7, third minor penalty on 1/18 not counted. Add 10 bench penalty minutes for bench minors on 11/13, 1/5, 3/5 and two on 1/21. The new total for PIM is now 510. Previous total of 492 did not account for the misconduct to Koudys and counted Nienhuis's 10-minute penalty on 1/22 as a minor. Add Mike Deodato as having played 3 games with 0 points and 0 penalty minutes.

NOTES:

Primary source MG. Changes from MG based on analysis of games: "Other" is David Moran (2 gp, 0-0-0, 0 PIM). Team's penalty minutes are 529, not 533. The number of bench minutes is 6, not 4, with bench minors assessed on 1/3, 3/16 and 3/17. The error occurred when the two bench minors listed on the statistics sheet were added to the already correct total to give an incorrect figure of 533.
